S.No	Suggestion	Action Taken
1.	Knowledge on industrial practices should be improved.	The Principal has directed the respective HODs to make an arrangement of more industrial visits and Guest lectures by industrial experts.
2.	Students' suggested more Indian authors prescribed text/reference books for the syllabus.	More Indian authors prescribed text/reference books are arranged and available in the library now.
3.	Need to enrich knowledge by adding more value added courses.	More number of specialized value added courses are conducted.
4.	Students' requests spacious canteen, Gym and new basketball ground.	Students are encouraged to involve in more Extra-curricular activities by taking the necessary actions.
5.	More number of open and professional electives in emerging technologies may be considered in the syllabus.	Requisition letter regarding revision of curriculum as per regulation has been forwarded to Anna University.

### ACTION TAKEN REPORT

Stake Holder:	<b>Faculty</b>	
No. of Responses:	<b>82</b>	
S.No	Suggestion	Action Taken
1	Students need more scope for selection of elective subjects.	Students can offer any elective subjects of his /her choice as per syllabus of the university.
2	Need more FDP related to the emerging trends in research for the faculty.	College organized FDPs on the emerging trends as well as encouraging the faculty to attend certified courses in NPTEL with financial support.
3	Faculty suggestion is to provide industry related knowledge by increasing the number of Industrial visits / Field trips.	To strengthen the practical knowledge of the students and expose themselves to Industry environment, HODs are instructed to arrange more number of Industrial visits.

No. of Responses:	200	
S.No	Suggestion	Action Taken
1.	Students expect state-level exposure in extracurricular activities.	Students are encouraged to participate in various events like Tamil Speech Contest and Khelo India organized by state and central government.
2.	More internship is needed to equip the students for their profession.	The efforts are being made to provide more opportunities of internship for the students.
3.	Interaction with alumni is needed to know the recent trends and technology upgradation.	Alumni meets are arranged every year and effective interactive sessions are conducted with final year students. Further they are invited to render their services in the form of Guest lectures Invited talks, career counseling etc.
4.	More Emphasis on placement training.	Sessions on interpersonal skills, communication skills and technical skills were conducted to improve students' overall personality.

No. of Responses:	<b>55</b>	
S.No	Suggestion	Action Taken
1	Need Expert's lecture for the wider exposure in latest technology oriented topics.	Guest lectures and interactive Seminars were organized to familiarize the students.
2	Include more specialized value added course in the syllabus.	Syllabus is framed by the university yet some certified courses are included in the syllabus. Skill development team were conducted more specialized courses.
3	Placement training is required from third year onwards. More focus is required on communication skill.	Arranged career guidance sessions for the final year students every year. The efforts are being made to provide for the third year students.
4	Satisfied with students' professionalism and commitment towards work.	Will ensure to continue the training and specialized value added courses.

**To**  
The Director,  
Centre for Academic Courses,  
Anna University,  
Chennai 600025.

Respected Sir,  
Greetings.

**Sub: Review of feedback from various stakeholders about curriculum as per regulation 2017-Reg.**

We are very much thankful to Anna University for considering most of our previous suggestions and incorporating them in the Regulations curriculum and syllabus.

We had taken feedback from various stakeholders (Students, Faculty, Alumni and Employers) of our institution for enhancing the academic quality and identifying the gaps in the curriculum on the basis of industry expectations. As per the feedback received from the various stakeholders, the following suggestions may be included in the new regulation curriculum of Engineering.

1. More number of open and professional electives in emerging technologies may be considered as Verticals in the new regulation.
2. Quality of engineering point of view, theory with practical subjects for all the engineering departments and skill development activities may be included.

Kindly request you to consider the above- mentioned and that can be included in the forthcoming regulations.

Thanking You,

  
Dr. T.K.GOPINATHAN, M.E., Ph.D.,
